INCLUSION & DIVERSITY POLICY

Social inclusion is about making sure everyone is able to participate as valued, respected and contributing members of society. It is also about the acceptance and equal treatment of members of the wider community regardless of their gender, gender identity, sexuality, age, disability, religious or cultural background, or other attributes that may lead to people feeling excluded or isolated. This policy provides Hockey Victoria's (HV) and Footscray Hockey Club's position on the inclusion of all people.

At Footscray Hockey Club we value and embrace diversity and consider a mix of human differences is essential to growth and development of our organisation. We understand the contribution that a wider range of skills, knowledge and experience will bring to our hockey club. New ideas, innovation, creativity, problem solving, continuous improvement processes will be enhanced by groups of people with different ideas working together.
